

MATERIAL SAFETY DATA SHEET

IN-OFFICE RINSE KIT

SECTION I – Manufacturer

Biotrol
13705 Shoreline Court East • Earth City, MO 63045
1-800-822-8550

SECTION II – Hazardous Ingredients/Identity

| Hazardous Component(s) (chemical and common names) | CAS NO. | OSHA PEL | ACGIH TLV | % (optional) |
|---|------------|----------------------|--------------------------|-----------------|
| Part A – Sodium fluoride | 7681-49-4 | 2.5mg/m ³ | 2.5mg/m ³ TWA | 2.7% |
| Part A – Sodium saccharin | 82385-42-0 | | | 1.0% |
| Part B – Stannous fluoride | 7783-47-3 | 2.5mg/m ³ | 2.5mg/m ³ TWA | 1.64% |

SECTION III – Physical and Chemical Characteristics

Appearance: Part A – Colored aqueous liquid
Part B – Colorless viscous liquid

Odor: Characteristic of flavor
Solubility in Water: Complete

SECTION IV – Fire and Explosion Data

Special Fire Fighting Procedures: None
Extinguishing Media: Water spray, carbon dioxide, foam, dry chemicals

SECTION V – Stability and Reactivity Data

Stability: Stable under normal conditions of use
Incompatibility: Glass, aluminum, and strong oxidizers
Hazardous Decomposition: Thermal decomposition or contact with strong acids may release corrosive and toxic fumes of hydrogen fluoride or fluorine
Reactivity: Reaction will occur if exposed to strong oxidizers
Hazardous Polymerization: Will not occur

SECTION VI – Health Hazard Data

Eyes: Direct contact causes irritation
Skin: Prolonged contact causes irritation
Ingestion: Contains Sodium or Stannous fluoride. DO NOT SWALLOW
Chemical Listed as Carcinogen or Potential Carcinogen:
Part A: Sodium saccharin – suspected carcinogen by excessive and continuing use

Revision issued: 03/06 (Supercedes: 01/03)

SECTION VII – Emergency and First Aid Procedures

Eyes: Flush well with water and consult a physician
Skin: Flush well with water
Ingestion: If greater than normal dose is swallowed, DO NOT INDUCE VOMITING.
Drink large quantity of water, milk or several ounces of Milk of Magnesia.
Contact Poison Control Center.

SECTION VIII – Special Precautions and Spill/Leak Procedures

Precautions to be Taken in Handling and Storing: Avoid excessive cold and heat
Spill Management: Flush with water or use standard absorbents (paper, sand, sawdust)
Waste Disposal Methods: Use acceptable methods complying with local ordinances
Additional Information: Read and observe all labeled precautions

SECTION IX – Special Protection Information/Control Measures

Ventilation: Local Exhaust
Eye Protection: Yes
Protective Gloves: Yes
Respiratory Protection: None required
Other Clothing and Equipment: Clothes sufficient to avoid contact
Work/Hygienic Practices: Avoid skin and eye contact

*** IMPORTANT ***

While seller believes that the information contained herein is accurate, such information is offered solely for its customers' consideration and verification under their specific use conditions.
